

BUNN WAVE BREWER

WAVE-15-APS

WHY WE RECOMMEND THIS TRADITIONAL BREWER

Offer premium coffee and take up minimal counter space in your break room with the Bunn WAVE-15-APS low profile, wide base, specialty automatic coffee brewer. The Bunn WAVE-15-APS coffee brewer features SmartWAVE technology to increase the turbulence in the brew funnel, extracting maximum flavor. It brews up to 3.9 gallons of coffee per hour, and its SplashGard funnel keeps hot liquid away from operators' hands. A 17-hole spray head maximizes flavor uniformity, and it can also be removed and cleaned after use. To accommodate up to 2.5 liter airpots, this automatic coffee brewer includes a slide-out booster tray and adjustable legs. Thanks to its four-digit LED readout, you can easily set and program the internal computer with push-button controls. The Bunn WAVE-15-APS low profile, wide base, specialty automatic coffee brewer requires a 120V electrical connection for operation.
