

# NESPRESSO ZENIUS 100 PRO

Small Office Brewer

# NESPRESSO®

## WHY WE RECOMMEND THIS BREWER

Ideal for any size of business where quality, intuition and simplicity are all important. Thanks to an integrated SIM card, the Zenius can communicate with Nespresso's Customer Relationship Centre. This allows us to deliver services before you even know you need them. Fast and efficient, exceptional coffee and hot water are prepared quickly, all at the touch of a button.
