

WHY WE RECOMMEND THIS BREWER

The **Eccellenza Touch** with its high-definition user-friendly 10.1" touchscreen, simplifies the beverage selection process, offers the freshest cup of coffee possible and a wide variety of specialty beverages – all this, ground and brewed to perfection in seconds. Great coffee for even the most discerning coffee connoisseurs. This one of a kind, revolutionary new brewing system alleviates mess and clean up, while ensuring the convenience, consistent taste and quality for which VKI's single cup brewing systems are renowned.
